**JAMIE & ANITA FARR,**  
WYCLIFFE BIBLE TRANSLATORS

Jamie and Anita joined Wycliffe in 1998. Jamie grew up the son of Translators in Papua New Guinea and Anita the daughter of Lancaster PA farmers. The Lord has added four fantastic children to their family. They would share with you that the "undoubted greatest joy in their lives is to live, relate, and work with others to bring glory to the King." In 2004, Wycliffe asked Jamie to return to join Wycliffe USA. In August, 2021 Jamie began a new role as Strategic Innovation Consultant with Wycliffe. Jamie's role is primarily focused on global strategies to see every community get access to some portion of the Bible by 2033. He helps to facilitate conversations between organizations and local church leaders primarily in the Pacific area. We anticipate the Word will come to those who still wait in every language, in this generation. Jamie and Anita thank you for partnering with them in their Wycliffe ministry.

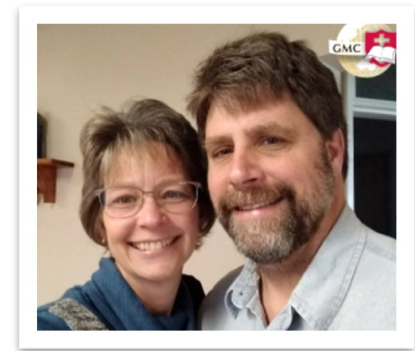

The Well Recovery Home located in Brookville, PA is a Christ-centered, 12 - month transformational residential home under the umbrella of Women at the Well Ministries. Our innovative program for women 18 years and older offers hope, help, and healing to women who are struggling with life-controlling issues and addictions. Our number one

goal is to model servant leadership and provide the necessary tools to find freedom from past addictions and struggles through the power of Jesus Christ. We offer personalized educational and vocational classes - focusing on discovering God-given gifts, talents, and passions for future employment and life. We also offer one-on-one and group discipleship programs, community service opportunities, valuable life and job skills, and opportunities to develop healthy habits that will contribute to the overall wellness for mind, body, and spirit. With the help of local mentors, it is our goal to help women find their own address and a loving and healthy support system which is essential for long term success.

Keystone Family Alliance is comprised of representatives from different churches around the state of Pennsylvania. Meagen Wrhen is the Clarion County Coordinator of KFA.

KFA aims to educate, motivate, and equip every Christian in the state of Pennsylvania on the needs of orphans and vulnerable children, both locally and globally. Everybody can do something to positively impact these children, and the Alliance wants to help you find YOUR something. We bridge the gap between the desperate need of the child welfare system and PA churches. Agencies and caseworkers struggle to find new foster and adoptive families to meet the current, overwhelming need. Keystone Family Alliance mobilizes Christians from around Pennsylvania. For some, it is registering to meet tangible needs of foster, adoptive, and biological families through our online portal, Gateway. For others, it is serving on an engineered Care Community to support a local family for a year. For churches, Keystone Family Alliance provides the framework and support to help churches successfully recruit families to care for children in their communities to become these much-needed placement homes. There are so many ways to do something. To find out more information, visit: [www.keyfam.org/county/clarion](http://www.keyfam.org/county/clarion).
